

FOR IMMEDIATE RELEASE

MULTI-BANK SECURITIES, INC. APPROVED BY CALIFORNIA DEPARTMENT OF INSURANCE

SOUTHFIELD, Mich., January 4, 2018 – Multi-Bank Securities, Inc. (MBS) is proud to announce the approval of its Community Impact Mortgage Backed Securities Program as a California Organized Investment Network (COIN) Investment Bulletin by the State of California, Department of Insurance.

COIN is a collaborative effort between the California Department of Insurance, the insurance industry, community affordable housing, economic development organizations and community advocates. COIN invites proposals for investments that offer an acceptable financial return and provide tangible social and/or environmental benefits to underserved low-income and/or rural communities and determines potential environmental benefit and social impact of qualified investments to deliver suitable opportunities for investors.

This collaboration will offer insurance companies and their money managers an additional avenue by which to make sound, conservative, socially responsible investments in the State of California. These investments benefit U.S. veterans, low- and moderate-income families, disaster-affected areas and underserved communities based on specific investor requirements.

"Our ability to provide these types of investments for the past 14 years is appreciated by our institutional investors nationally," said Senior Vice President Gerry Risi.

COIN was established in 1996 at the request of the insurance industry as an alternative to state legislation that would have required insurance companies to invest in underserved communities, similar to the federal Community Reinvestment Act (CRA) that applies to the banking industry. This voluntary program facilitates insurance industry investments that benefit California's environment and its LMI income and rural communities. Today, CDI is the largest consumer protection agency in the state. With annual direct premiums of \$288 billion, California is the largest insurance market in the United States and the sixth-largest insurance market in the world.
