MULTI-BANK SECURITIES, INC. CEO DONATES USE OF HOME TO MILITARY COUPLES

SOUTHFIELD, June 17, 2019 – Multi-Bank Securities, Inc. CEO and founder David T. Maccagnone has committed to working with Operation Healing Forces (OHF) to host families for a therapeutic retreat in his Florida residence in December of this year.

OHF serves the needs of active-duty and recent-veteran wounded, ill and injured Special Operations Forces and their spouses by starting or continuing the process of healing in preparation to return to combat or transition into civilian life. OHF has provided support for over 500 military couples since 2011.

OHF staff plan and implement the retreats, which take place over a week in large homes provided by donors located across North America. The retreat is designed to offer a safe, supportive environment to participants, many of whom report seeking treatment for various medical issues. The program is combined with peer-to-peer counseling and recreational therapies to enable bonding between couples, other spouses and fellow service members.

“Operation Healing Forces provides excellent support for our nation’s service members and we are proud to be a part of this program,” said David T. Maccagnone, CEO and founder. Maccagnone, a Vietnam veteran and Purple Heart recipient, is one of the numerous former service members the Firm counts among its ranks. “As a veteran-owned firm, we are honored to lend our support and give back to military families in need.”

In 2018, OHF had more than 130 volunteers assisting operations, 28 property donations and more than \$2MM in donations raised. In addition to the donation of homes, OHF also accepts donations of cash, airline miles and donations via AmazonSmile.

“MBS is helping us change the lives of those special operators and their spouses who need it most,” said OHF Vice Chairman Anthony Markel. “With MBS's support, OHF is able to help more couples and spread the word about this important mission. A special thank you to the MBS team for all they do for the community and our military.”
